RE: Designation of Red Rocks Park

Dear Mayor Hancock,

INC, Inter-Neighborhood Cooperation, Parks and Recreation Committee was pleased and excited with your official recognition of the 98 acres surrounding the Red Rocks Amphitheater designation and the future protection of a Denver landmark known world wide. Thank you.

We believe if the remaining three parcels adjacent to Red Rocks Park were transferred from Arts and Venue to Parks and Recreation and then appropriately designated, the vista and entrance to Red Rocks Park will be forever protected in its natural beauty.

Designating the remaining three parcels surrounding Red Rocks Park supports our committee's commitment to increasing and protecting our parks and open space for our enjoyment and for our children's children enjoyment. INC Parks and Recreation Committee strongly encourages this transfer and designation of the remaining three parcels of open space surrounding Red Rocks Park.

Thank you for your consideration of our request.

Respectfully,

Cindy Johnstone
