**RE: Parks Designation Response**

Dear Manager Dannemiller,

Thank you Ms. Dannemiller for your letter of May 17, 2013. We are copacetic with your proposal to take part in a steering committee providing oversight to park designation by ordinance process and issues. In order to provide you with a list of names for the committee it would be helpful to know how often and for how long a period of time per meeting you envision the group meeting. It is my intention to get back to you before the end of June with a list of the names and contact information for individuals who will serve on this steering committee.

We are, of course, always open to having you attend the monthly INC PARC meetings for purposes of discussing parks designation and the myriad of other issues which occupy the attention of our membership and your department.

Most sincerely yours,

Larry Ambrose
