2016 Feedback & Support Survey

Public and City Leadership Feedback and Support Survey

The Denver Inter-Neighborhood Cooperation (INC) is pleased to advocate for Denver citizens and empower Denver neighborhood organizations to actively engage in addressing City issues.

To that end, we have created this survey so stakeholders better identify the needs of your neighborhood organization to give an

overview regarding how to best advocate for neighborhood participation in addressing City issues.

1.

When thinking about the INC's Committees, which of these best address issues that are relevant to your INC's needs and concerns? (Check all that apply).

*Note: Click the link to each choice to learn more about each committee.

- ☐ Parks & Recreation
- ☐ Landmark Districts
- ☐ Transportation
- ☐ Public Safety
- ☐ Affordable

2.

There is a list of general concerns that we have heard from neighborhood organizations around Denver.

Please select the concerns that are relevant to your neighborhood.
