From the Presidents Corner

It has been my pleasure to serve as President of INC for the past four years and a member of the INC Board since 2007. In agreeing to serve it has been my goal to fundamentally move the organization to actively advocate for neighborhood interests and to empower neighborhood organizations to effect municipal public policy. I believe that this is the role that INC has increasingly served as part of our City’s democratic process.

INC ZAP Committee Resolution on Park Hill/Montclair Storm Water Urban Drainage Project

Flood protection and ensuring the safety of existing Denver residents is of paramount importance to all of us in INC and in Denver's neighborhoods.

Protection of existing historic Denver neighborhoods, existing Areas of Stability, and existing designated park lands is crucial and should be Denver's priority.

For this reason, we move that the City explore all reasonable options before moving forward, evaluating options not based on utility for CDOT, RTD and revenues for the City, but based on full study and meaningful neighborhood involvement.

**In Remembrance  
Dr. Kathy Cheever**

It is with great sorrow that we announce the passing of Dr. Kathy Cheever who was a staunch advocate for Denver's neighborhoods and INC Chairwoman from 1981 to 1982 and President of the Greater Park Hill Community from 1982 to 1997.

Kathy's life-long civic involvement and work to promote transparent and accountable municipal government will be an inspiration to all who work within and believe in the neighborhood movement. Her kind spirit, wisdom and accomplishments will live on in our memories and be an inspiration to those who follow.

What are your priorities for mobility, open spaces and for directing growth? What are your ideas for building and preserving healthy, sustainable communities — from Highland to Hampden, from Montbello to Mar Lee?

This topic will be presented April 23, 2016, at the INC Zoning and Planning Committee Meeting.
