From the President
Hello my fellow neighborhood leaders,

This month of April was a wild one. It came in like a lion and out like a lion as well. I hope you and the people you care about were able to stay warm and dry as we welcome our shared spring in our own cultural way. For me, spring means rebirth and a time to grow again. Spring is the planting of my tomato garden and helping promote our southwest Denver community garden and sustainability fair. Now is a time to reconnect with friends and celebrate the fact that we've made it through another winter.

For this president's letter, I realize that many of you don't really know who I am and what I stand for, so I'm going to take a minute to tell you a bit about myself.

I am a child of Denver. I was born at DGH, I grew up in northwest Denver, and attended elementary -> high school in the DPS schools there.

Special INC Meeting on Four Citywide Planning Efforts – Saturday May 21st, 9:30-11 a.m.
Denver is kicking off four major citywide planning efforts this month that will guide the development of the city for the next twenty years:

- Blueprint Denver (the integrated land use and transportation plan),
- Denver Moves: Transit (Denver's first-ever transit plan),
- Denver Moves: Pedestrians and Trails (updating and going beyond the Pedestrian Master Plan), and
- Game Plan (Denver's master plan for parks)

INC's Zoning and Planning (ZAP), Transportation and Parks & Rec. (PARC) committees have joined up for a special meeting with the lead staff members from each of these major planning efforts. Come find out about each of the plans and the extensive public involvement process designed for each one. If you want to help craft the future of the city, you'll want to be involved in these efforts.

- Saturday, May 21st
- 9:30 a.m. – 11 a.m.
- 1201 Williams Street, 19th Floor

Blueprint Denver and Citywide Planning

This spring, the City and County of Denver will ask residents citywide to share your ideas and dreams for the future of your city. What are your priorities for mobility, open spaces and for directing growth? What are your ideas for building and preserving healthy, sustainable communities — from Highland to Hampden, from Montbello to Mar Lee? This topic will be presented May 21, 2016, at the INC Zoning and Planning Committee Meeting.
