Motion Regarding Small Zone Lots Parking Exemptions Amendment

Inter-Neighborhood Cooperation (INC) opposes Denver Zoning Code Text Amendment #11, the Pre-Existing Small Zone Lots Parking Exemptions Amendment, and strongly urges City Council to extend the moratorium, as necessary, for permits for Small Lot Parking Exemptions which is due to expire March 30, 2017 and search for a more equitable solution with balance between the parking requirement constraints of development and the associated impact of increased neighborhood street parking.
