Re: Audio Recording

Dear Ms. Haynes,

INC PARC is very appreciative of the PRAB's published meeting minutes. We have learned that the meetings also have an audio recording. In the interest of transparency please consider having them available for listening and downloads. We recognize the added expense of video recording (similar to that of the Denver Planning Board) has not been included in a budget; however given some of the anticipated responsibilities of the PRAB due to the passage of Parks Funding Measure 2A, we foresee that there will be increased interest in our parks maintenance and funding. For some who are unable to attend, listening to the entire meeting will be advantageous and will go far in promoting interest and accountability surrounding future projects.

Best Regards,

Cindy Johnstone
