Subject: [EXTERNAL] INC Resolution regarding Group living amendments

Hello-

First I want to introduce myself to those that may not know me. My name is Loretta Koehler and I am the newly elected President of INC. My presidency became effective at the end of the INC delegate meeting that adopted the attached resolution. I am sorry for the delay in forwarding this to you, but I am learning the procedures for my new position. I know some of you are aware of my position on the Group Living Committee and so I want to make you aware of that as well. As you can see, the majority of INC delegate at the July 17 delegate meeting approved this measure. Please feel free to contact me if you have any questions.

Inter-Neighborhood Cooperation's (INC) Annual Meeting held on July 17, 2020 via Zoom, had 62 in attendance. Of those, 50 voting delegates represented 41 RNO's across the city. The three sections of the Resolution shown below were voted on separately and each section passed with 70% voting in favor.

1. INC recommends that Denver de-bundle the household definition portion of the proposal and the residential care portion of the proposal.
2. INC recommends that Denver not move forward on the new household definition portion of the Text Amendment without implementing a concurrent regulation creating a Rental Registry that will provide further protection for renters in Denver. Such a Registry would be through Excise & Licensing and could require registration, licensing, inspection of all properties being used as rentals.
3. INC recommends the City rethink, and make mandatory, outreach by CPD to minority communities, to persons not active in RNOs or receiving communication from RNOs or through social media, to the broader community not reached in the four town halls, and to renters, so as to proactively gather input from all corners of the City. INC strongly recommends that CPD be required to include black indigenous people of color and renters in full discussion for every planning initiative and for work on all proposed text amendments.
