00:29:28 Adam Meltzer - Wash Park East: What about thin film and expanded polystyrene? Will they be included?

00:30:17 Tara Tull, Congress Park: All packaging will be included; however, that does not mean all packaging will be recyclable. Part of the goal is to encourage change in packaging choices made by producers.

00:30:21 Keith Meyer - Sloan's Lake: What about reuse and refill programs for things like glass bottles?

00:30:42 Jay Schreiber - Virginia Vale:
<https://recyclingforallcoloradans.org/>

00:31:00 Theron Makley - RiverFront Commons Park: Does this cover Amazon and other delivery services that package other manufacturers' goods?

00:31:41 Kathy Kilmer Cory Merrill: Who is sponsoring, and what are prospects for this year's passage?

00:32:08 Corine Roberts - Highlands (Northside): What keeps the producers from passing the costs on to the consumer?

00:32:43 Tara Tull, Congress Park: Plastic film can be recycled at grocery stores or through pick up services like Ridwell or Happy Beetle.

00:32:52 Tom Strobel, Northside Sustainability Alliance: The extra costs to the producers is not passed on to the consumers?

00:34:44 Adam Meltzer - Wash Park East: @Tara, I know that, but I bet 98% of Coloradan's don't.

00:34:54 Corine Roberts - Highlands (Northside): Who would manage program money? CO state?

00:34:57 Theron Makley - RiverFront Commons Park: Do you have the Governor's buy-in? This seems like another program he will want to delay (to get stakeholder feedback)

00:35:27 Tara Tull, Congress Park: Adam, True...so we have lots of work to do to educate our neighbors and friends!

00:36:09 Tara Tull, Congress Park: Does it have a bill number yet?

00:52:34 Tara Tull, Congress Park: Joyce, Thanks for all the work that PPAN does!

00:53:03 Tom Strobel, Northside Sustainability Alliance: Who were some of the opponents?

00:57:37 Joel Noble - Curtis Park: Does anyone know if a homeowner incentive for removing lawns is likely to make it through this term? I read about it a few weeks ago but haven't been following.

00:59:02 Joyce Kennedy, Platt Park: Joel - yes, that bill is expected to be successful

00:59:57 Tara Tull, Congress Park: How do we get on your mailing list for updates on legislation?

01:03:35 Theron Makley - RiverFront Commons Park: Here is the group Jan gives her reports to: <https://colivableclimate.org/>

01:05:58 Adam Meltzer - Wash Park East: This is what happens when politicians are owned by business and industry. Very disappointing. Apparently on both sides.

01:08:26 Corine Roberts - Highlands (Northside): Do the votes split between front range versus western slope generally?

01:15:01 Adam Meltzer - Wash Park East: Climate disasters cost billions!

01:19:58 Theron Makley - RiverFront Commons Park: See Action Alert box

01:20:14 Annie G: Yes Adam-inaction is the most costly thing we can do. Surreal that we don't grasp that.

01:20:59 Theron Makley - RiverFront Commons Park: That inaction is called Predatory Delay when it is done intentionally

01:21:55 Theron Makley - RiverFront Commons Park: Our Governor is actively involved in predatory delay this year in order to ensure more votes in this election.

01:23:25 Mariah Rosensweig- Park Hill: can you put the slides in the shared agenda?
