

09:11:55 From D - Greg Sorensen (Neighbors for Greater Cap Hill) : If you are interested in reviewing 2021 financials, please email treasurer@denverinc.org. We also are looking for a budget chair.

09:14:26 From Ean Tafoya :
<https://www.denvergov.org/Government/Agencies-Departments-Offices/Agencies-Departments-Offices-Directory/Community-Planning-and-Development/Denver-Zoning-Code/Text-Amendments/Advancing-Equity-in-Rezoning#section-6>

09:14:36 From Ean Tafoya : Equity in Rezoning

09:21:17 From Adam Meltzer : Everyone does that with the audio! You have to check the sound box in the bottom left hand corner when you share your screen in the pop up box.

09:22:52 From Joanna Rosa-Saenz HHNA : I think this is incredible and exciting 😊

09:27:28 From D-Judy Baxter Montclair : This is so exciting for all the levels. Also please include links for buying tickets.

09:32:48 From Cecile Kerr_Colorado Symphony :
<https://coloradosymphony.org/view-all-events/>

09:32:55 From Adam Meltzer : Can you put the email in the chat

09:33:07 From Cecile Kerr_Colorado Symphony : Contact Information
Cecile Forsberg-Kerr
cforsbergkerr@coloradosymphony.org
303.308.2495

09:33:26 From Cecile Kerr_Colorado Symphony : Imagination Artists
<https://coloradosymphony.org/events-tickets/subscriptions/imagination-packs/>

09:38:48 From D-Drew Dutcher-ESNA : I have a question about the Santa Fe overlay when CW Torres is taking questions.

09:38:56 From Adam Meltzer : Are you trying to share your screen?

09:49:19 From Luchia Brown : My pArKInG!

09:50:08 From D David Halterman - Winston Downs CA : +1 Luchia

09:51:53 From Luchia Brown : Yes, please! Close Santa Fe every 1st Friday! The tax revenue generated likely pays for itself!

09:52:31 From D-Nolan Hahn, La Alma/Lincoln Park : Great, we'll be in touch, thanks!

09:53:53 From D-Drew Dutcher-ESNA : Santa Fe was closed this past First Friday, at least between 7th and 8th.

09:55:05 From D-Nolan Hahn, La Alma/Lincoln Park : Yes, currently it is only closed for the August 1st Friday, mostly due to the high cost that DOTI charges for that

09:56:25 From D-Nolan Hahn, La Alma/Lincoln Park : We love the name change, thanks for your work on that!

10:00:28 From D-Ellen Roth, South City Park : Thank you for presenting that Councilwoman Torres!

10:05:38 From D-Drew Dutcher-ESNA : Could some of these drops be attributed to COVID?

10:06:56 From Emmett Hobley : Is there a remedy, for false allegations?

10:08:21 From D David Halterman - Winston Downs CA : I would like to share this data with my RNO Board; is there a link to this presentation?

10:09:25 From Bill Tanner : Agree, link to presentation would be helpful

10:10:11 From D-Judy Baxter Montclair : What is routine business?

10:12:29 From D-Bruce Baskette : So without regard to where they are

parked, how many vehicles may be tied to a single single-family address?

10:17:00 From Luchia Brown : Can the City stop subsidizing storing private vehicles on public spaces?

10:17:24 From Joanna Rosa-Saenz HHNA : I agree with Myles!

10:20:20 From D-Nolan Hahn, La Alma/Lincoln Park : I agree with Luchia. There is no hierarchy of who has a right to publicly-funded parking based on how many people are in a home or when they moved to the neighborhood. I do not think that is a metric that is necessary for CPD to monitor

10:22:06 From D loretta BHNA she, we, her, they : Nolan and Luchia - we can ask him that question, but he is a city planner and probably cannot answer this and has no control over parking of city vehicles- this should have been posed to the Councilwoman

10:23:28 From D-Nolan Hahn, La Alma/Lincoln Park : Oh I don't have a question for Andrew. I was responding to others wanting more monitoring of free parking availability

10:26:08 From D-Nolan Hahn, La Alma/Lincoln Park : Thanks for your time, Andrew

10:30:30 From D-Judy Baxter Montclair : Are 311 caller's identity kept confidential

10:31:03 From D-Bruce Baskette : Can Denver work to cut way down on the short-term rentals? Denver needs long-term housing!

10:32:15 From D loretta BHNA she, we, her, they : Bruce - they seems dependent on the owner

10:33:34 From Joanna Rosa-Saenz HHNA : Amen Bruce!

10:33:48 From D-Adrian Brown (Baker) : Andrew, based on your overall review do you think there are more, less, or about the same number of larger groups of adults in Denver with this new regulation?

10:36:06 From D-Nolan Hahn, La Alma/Lincoln Park : High demand and use for short term rentals is also probably a sign that we don't permit (or make it easy to permit) enough hotels

10:36:16 From D-Nolan Hahn, La Alma/Lincoln Park : But that's a different discussion

10:38:40 From D David Halterman - Winston Downs CA : Thanks, Andrew!

10:41:17 From andrew webb : Thanks for having me this morning, INC! Here's the report we prepared for the first of 4 years of post-adoption monitoring of the Group Living text amendment:
https://www.denvergov.org/files/assets/public/community-planning-and-development/documents/zoning/other-regulations/group-living/group_living_monitoring_report_2022.pdf

10:41:36 From andrew webb : Here's the powerpoint from today:
https://www.denvergov.org/files/assets/public/community-planning-and-development/documents/zoning/other-regulations/group-living/group_living_monitoring_presentation_2022.pdf

10:42:21 From andrew webb : And here is a video record of this presentation and discussion at Planning Board:
https://denver.granicus.com/player/clip/14911?view_id=173&redirect=true

10:43:20 From Emmett Hobley : Use of the word picnic, it has a terrible meaning in the south

10:46:30 From D-Drew Dutcher-ESNA : Keep asking questions, Myles. I personally don't think the Colfax BRT has been thoroughly vetted. I was in San Francisco recently, and I think the Colfax BRT is modeled after the Van Ness center

bus lines. I think it works in SF (although they killed hundreds of trees to implement it), but I am not so sure about Colfax.

10:46:57 From Bill Tanner : Would you please post a copy of Andrews links on the INC site?

10:48:20 From D-Nolan Hahn, La Alma/Lincoln Park : Can you share the link to that Joel?

10:49:19 From D-Joel Noble - Curtis Park Neighbors : Meetings are always announced in the usual INC forums (web, e-mail, Facebook). You can also join our committee-specific mailing list by writing to transportation@denverinc.org

10:49:31 From D-Nolan Hahn, La Alma/Lincoln Park : Gotcha, thanks! Sorry, I'm new here

10:49:39 From D-Joel Noble - Curtis Park Neighbors : I look forward to meeting you!

10:50:05 From D- Travis Leiker, CHUN :
<https://www.chundenver.org/2022fundraiser.html#!event-register/2022/9/14/celebrate-community-wine-beer-biteschun-apos-s-annual-fundraiser>

10:52:23 From D-Drew Dutcher-ESNA : Good question, Judy. Is this appropriate for INC's Parks committee?

10:52:30 From D-Nolan Hahn, La Alma/Lincoln Park : We have had this issue in La Alma Park as well. Reducing the permit load and costs would be great to get people to use our parks more (which is big for us to make the park safer)

10:54:01 From D-Eleni Sarris : CituIt didn't accommodate it actually. Flooding was terrible in some areas and people needed to be rescued.

10:54:09 From D-Nolan Hahn, La Alma/Lincoln Park : I believe personal rain barrels are allowed by right in Denver now?

10:54:10 From D-Eleni Sarris : *City's*

10:54:33 From D-Adam Meltzer : That's amazing @Adrian. Colorado's water laws are archaic and confusing. I agree with you 100%!

10:54:35 From Emmett Hobley : I believe the city will allow you to collect some water

10:54:51 From D-Drew Dutcher-ESNA : I LOVE Adrian's idea of detaining water in yards, and his beautiful philosophy of using water wisely in our arid, heating climate! Why did we design Storm systems to flush away water?

10:54:53 From D David Halterman - Winston Downs CA : Higher per-incident rainfall (1.75in in less than 1 hr) could be the new normal here due to Climate Change

10:55:39 From D-Drew Dutcher-ESNA : But, Loretta, I think those water laws were modified. We can now use rain barrels, a small step.

10:55:47 From D-Adam Meltzer : Ag uses 80% of the states water.

10:56:18 From D-Adam Meltzer : You can only use 110 gallons of captured water with rainbarrels per residence

10:56:37 From D-Drew Dutcher-ESNA : Our storm drainage system is still unwise, in my opinion. We flush it away when it could be used. I think that's Adrian's point.

10:56:39 From D-Eleni Sarris : Actual flooding issues around I-70 were studied years ago during the NEPA process during the I 70 expansion, but that input and research was ignored. Exactly what was predicted is what happened.

10:56:53 From D-Nolan Hahn, La Alma/Lincoln Park : And as a water policy expert (w/EPA) and ecologist, there is need to maintain flows in the South Platte for both water rights in downstream users as well as maintaining flows for several

endangered species (and all the non-endangereds as well). So flow going into the Platte isn't a waste! But definitely we need to reuse and reduce more

10:57:31 From D-Eleni Sarris : Nolan are speaking for the EPA

10:57:41 From D-Nolan Hahn, La Alma/Lincoln Park : Haha definitely not

10:58:03 From D-Nolan Hahn, La Alma/Lincoln Park : Just speaking from my small area of knowledge and experience

10:58:25 From D-Eleni Sarris : Then maybe you shouldn't be saying that. Check with your employer about that.

10:59:01 From D-Drew Dutcher-ESNA : During the City's re-do of Globeville Landing, the EPA held a CAG. That 's a long story. I was deeply involved, and know that EPA's (and City and State's) solution was very unwise, rushed to help complete the I70 ditch. Sorry.

11:00:07 From D-Eleni Sarris : Exactly Drew. It was sad to see what happened over the weekend. City continually ignores common sense and people's lived experiences in favor of costly highway expansions that were not needed.

11:00:18 From D-Drew Dutcher-ESNA : The entire Platte to Park Hill storm project.was rushed (and way over budget) to complete before the expansion of I70 via the dditch.
