

08:58:10 From Bryan Wilson : There is just a slight echo.
My guess is a second microphone needs to be turned off or muted.

09:01:54 From Inter-Neighborhood Cooperation : Thanks Bryan! is it better now?

09:02:20 From Pete Winterscheidt : It seems all mics were muted?

09:02:21 From Bryan Wilson : The background noise went away, but can't hear anything now.

09:02:52 From Inter-Neighborhood Cooperation : That's ok - we muted the mic

09:03:29 From INC Denver : We're muted until we get started

09:03:55 From D Maggie Price Congress Park Neighbors : Could the delegates identify themselves by putting a D before the name and your RNO after. Thanks

09:06:04 From Bryan Wilson : Echo is still there.

09:06:14 From Ellen Roth : echo is gone

09:06:15 From INC Denver : working on it

09:08:15 From Lou Raders to Inter-Neighborhood Cooperation(Direct Message) : IThe sound is fine. Not unusual for a hybrid meeting. Thanks for working so hard on this meeting!

09:12:03 From Bryan Wilson : For those new or unfamiliar, can you clarify at some point how participants are able to become Delegates to Denver INC?

09:13:19 From Judy Baxter : Bryan- Great question I will cover this when we talk about nominations for the elections in March

09:13:27 From Bryan Wilson : Reacted to "Bryan- Great questio..." with 👍

09:13:36 From Lou Raders : Bryan - to confirm how Delegates are appointed, they need to be representatives appointed by an RNO that is a member of INC in good standing. The complete bylaws are on the website.

09:15:23 From Bryan Wilson : How are they appointed from RNOs?
I'm not aware of there ever being a discussion about it at any of our RNO meetings.

09:16:56 From Lou Raders : The RNOs determine that process; it may be a Board function or otherwise as determined by the RNO. I am happy to discuss with you after the meeting, Bryan. Thanks!

09:17:28 From INC Denver : Jane Potts email sustainability@denver-inc.org

09:18:09 From D - Ellen Roth, SCPNA : If it helps, Bryan, how SCPNA does it is we have one delegate that is always elected leadership from the RNO and one delegate that is open sourced? We just take volunteers from the membership and if there is more than one person interested, then we will rotate the position from year to year.

09:19:32 From Bryan Wilson : Replying to "If it helps, Bryan, ..."

I would love to learn after the meeting about how your RNO conducts elections.

09:20:13 From INC Denver : You will hear about elections in a few minutes!

09:21:58 From D- Eleni Sarris : Are good neighbor agreement enforceable?

09:22:07 From D- Eleni Sarris : *agreements*

09:22:29 From D Maggie Price Congress Park Neighbors : Only if attached to the license usually

09:26:06 From Inter-Neighborhood Cooperation to Lou Raders(Direct Message) : Thanks!!

09:34:41 From Inter-Neighborhood Cooperation to Bryan Wilson(Direct Message) : Hey Bryan - I'd love to talk to you at some point about INC and some of the projects you're working on. Would you have time for a call next week?

09:36:26 From Lou Raders : Which candidate supported your position? And

did the transportation management district weigh in? Like Transportation Solutions?

Great work on outreach and good presentation! Thank you!

09:37:14 From Bryan Wilson to Inter-Neighborhood Cooperation(Direct Message) : Replying to "Hey Bryan - I'd love..."

Sure! Who is this?

09:37:29 From Bryan Wilson : Reacted to "Which candidate supp..." with 👍

09:39:40 From Inter-Neighborhood Cooperation to Bryan Wilson(Direct Message) : Replying to "Hey Bryan - I'd love..."

Ha...I forgot my name isn't on here! This is Keith Meyer. I'm the current vice president and would really just like to chat about your interests and neighborhood projects.

09:41:07 From Bryan Wilson to Keith Meyer - D, SLoans Lake(Direct Message) : Replying to "Hey Bryan - I'd love..."

Sure. I can meet you in person somewhere. I'm happy to bike to you. Especially at a brewery!

09:41:27 From D myles tangalin - Congress Park Neighbors : What is the Departments value on community engagement? Why has this been so difficult?

09:41:39 From Sean Brady : Reacted to "Which candidate supp..." with 👍

09:42:35 From D myles tangalin - Congress Park Neighbors : How does your department measure community engagement? What is acceptable? Who is held accountable?

09:42:53 From Keith Meyer - D, SLoans Lake to Bryan Wilson(Direct Message) : Replying to "Hey Bryan - I'd love..."

perfect. What's your email address?

09:43:33 From Bryan Wilson : Those same questions need to apply to RNOs as well.

09:45:58 From D myles tangalin - Congress Park Neighbors : Do you have any idea of how much time and money has been spent on this design? It will need to be

redesigned, which will cost more money and time. How will you learn from this and implement better engagement to save time and money?

09:48:05 From David Halterman : Who are the 'funding partners'?

09:50:56 From D myles tangalin - Congress Park Neighbors : There are other projects on the boards, such as E Colfax BRT that will dramatically impact neighborhood traffic patterns. As a member of the BRT stakeholder group for over 10 years, I have been requesting traffic information and the BRT design team has not responded. Our neighborhood is faced with a non-responsive government entity that is completing the Construction Documents without neighborhood discussions.

09:52:09 From INC Denver : We will put all the questions not answered into our meeting minutes and attempt to get them answered by our presenters.

09:57:15 From D - Ellen Roth, SCPNA : Will there be a summary of this issue that can be translated easily into a survey for our RNO members to vote on?

10:25:28 From D - Ellen Roth, SCPNA : When will applications for Denver Days open this year?

10:32:52 From LaMone Noles, D-EDRC : Will the OSE maintain a calendar of scheduled events?

10:39:44 From Keith Meyer - D, SLoans Lake : Quick tech question. How are the folks online experiencing these presentations. Is sound and visual ok?

10:40:15 From D - Bradley Cameron - NGCH : It is working great!

10:40:54 From LaMone Noles, D-EDRC : No issues at all! I can hear the audience questions as well

10:42:17 From Keith Meyer - D, SLoans Lake : Great!

10:44:41 From INC Denver to Keith Meyer - D, SLoans Lake(Direct Message) : We need to get Parks and Recs in to a delegate meeting one month. I would love them to talk about park use, park maintenance, park crime, etc.

to put this on as hybrid.
11:03:56 From Cindy Sestrich : Thank you for committing to the hybrid model
to reach more people.
11:03:57 From INC Denver : Thanks everyone for attending online. We are
wrapping up.
11:04:16 From Adrian Brown : One comment on being on Zoom is that the names
of people in person are not on the screen. So it is important that people who are
there say who they are when talking.
11:05:29 From INC Denver : Good point. I'll try to manage the chat better
in the future and post speaker names.
11:05:54 From Keith Meyer - D, SLoans Lake : Thanks Adrian
